INSIDE

DOWNSTAIRS

The Cart Shed is the perfect juxtaposition of a traditional building still beaming with original features, against the wonderfully modern, slate hued interiors found throughout the design. The white tiled kitchen is a simple yet well stocked space with a breakfast bar perfect for your morning coffee. You can also find the open-plan sitting and dining area one end and the master bedroom accompanied by en suite wet room and spacious dressing room at the other. Up to two dogs are welcome downstairs, for just a £50 cleaning surcharge.

UPSTAIRS

Upstairs is an open-plan bedroom made particularly memorable thanks to the white wooden beamed double height ceiling. The bed's unique headboard doubles as a room divider and dressing table with plenty of storage for clothes. Behind this is a generous walk-in shower and sink area with a beautiful hammered bronze basin. A super king-size custom made bed sits against a headboard inset with rows of rope and chain evocative of the harbour details outside.
